## MARK LESTER O. DAMPIOS, MIT

### OBJECTIVE

I would like to enhance my skills to the industrial world of IT – such as to be entrusted with an opportunity on using my expertise in game development, website development, application designs and programming, that would help in my professional development and the growth of the company.

I would also like to make projects that would make a positive impact on the clients. Thus, I believe that happy clients are the key to success of a company and I want to be part of it.

---
